

CALL FOR PAPER

Special Session Title: *Recent Trends in Natural Language Processing and Sentiment Analysis*

Session Chairperson: *Mr. Manoj Kumar*, Assistant professor, Department of BCA, Ambedkar Institute of Technology, Delhi, India

Aim: This special session aim to provide an international forum where researchers and practitioners in the fields of **Natural language processing (NLP)** and **Sentiment analysis** and their applications can interact, exchange ideas and disseminate their accomplishments and visions.

This special session intends to provide a forum to develop intelligent methods for learning problems or methods. It also provides support via empirical studies, theoretical analysis, or comparison to psychological phenomena. All papers provided for this special session should describe the supporting evidence in ways that can be verified or replicated by other researchers.

Areas of Coverage (sub-themes)

Topics of interest include, but are not limited to:

- Natural Language Processing [NLP]
- Machine learning
- Machine Translation
- Information Extraction
- Word Sense Disambiguation
- Social Network
- Big Data Analytics
- Sentiment Analysis and
- Recommendation system
